## **OBSERVATIONS AND ISSUES RAISED BY THE STUDENTS (24-1-2019)**

**The action points are as under:**

- 1 Some students of B.E. 3<sup>rd</sup> year COE and student representatives of B. Tech (bio-technology) pointed that there should be more transparency regarding the lab-evaluation criterion and there should be a set pattern for evaluating the lab classes across all sub-groups.  
**Action Point: DOAA/HCSIED**
- 2 B.E. third year (ENC) students raised their concern about reallocation of their capstone project subgroups. They highlighted that earlier mandate was to have groups of six students, now they have been told to make sub-groups of three only. HECED did provide certain clarifications, but the students wanted a relook into it.  
**Action Point: DOAA/HECED**
- 3 The B.E. students of hostels M and K complained that their respective hostel gymnasium has limited equipment and some of them are out of order. A lot of new machines and equipment needs to be added along with accessories. The repair of the gym equipment also needs to be done in K and M hostels. The process for repair needs to be hastened.  
**Action Point: ADOSA-I/WARDEN HOSTEL-K/M**
- 4 M.Sc. Biochemistry 2<sup>nd</sup> year students said that the subjects they were given to choose from as electives were biocatalysts and biofuels. But the subject which more students opted for is not running now i.e. Biofuels, whereas, the subject, Biocatalysis, which very few students opted for is being taught.  
**Action Point: DOAA/HSCBC**
- 5 Some students pointed that issues regarding internet. It's been very often that internet speed is very low and SOPHOS does not work, especially during the examination time.  
**Action Point: DOAA/HCITM**
- 6 Some students of Bio-technology pointed out that their laboratory sub-groups have been split into two instead of three, which was earlier the case. They pointed out that the laboratories are not spacious enough to handle these many number of students. The students were informed that the approvals have already been taken to merge more space into the existing laboratories.  
**Action Point: HBTD/DOAA/CHAIRMAN, TTC**
- 7 The Whiteboard of room number E-105 requires adequate cleaning or replacement as the case may be, as the impression of the whiteboard pen remains even after cleaning.  
**Action Point: DOAA/ADMIN OFFICER**

- 8 The student representative of Civil Engineering Department said that they want a clearer insight into the role of training and project semester representative of their department and requested for information on the procedure for allotment of slots. The Head, CED informed that a presentation regarding the same by the Project Semester In-charge of CED will happen shortly. The students also raised concern about the fact that almost 80 students failed and many got very low grades in core civil engineering subjects of Reinforced Concrete Design and Steel Structures Design, which also have their advanced parts coming up shortly. So if the subject specialist takes the subject, then they would benefit more and would lead to more clarity during their group design project.  
**Action Point: DOAA/HCED**
- 9 The representatives of M.E. (Infrastructure Engineering) students said that they should be provided more exposure of Industrial training programme's such as workshops, six months' internships etc. and their curriculum must include software learning programmes or software based courses.  
**Action Point: DOAA/HCED**
- 10 The students residing in Hostel M complained of the foul smell emanating from the water being used in the cistern tanks.  
**Action Point: GM(CONSTRUCTION)/ADOSA-I/WARDEN HOSTEL-M**
- 11 Some students pointed that G-block cafeteria, COS General store & Sodexo canteens are not accepting digital payments (Paytm etc.). Sodexo canteens has also raised the prices of food items being served in the night canteen.  
**Action Point: HEAD, SHOP ALLOTMENT COMMITTEE/WARDENS K, L, M**
- 12 M.Sc. Mathematics and Computing students pointed that there should be a provision of giving an A+ grade in a class of 15 students also, as M.Sc. doesn't have a class of 100 students. They also requested that the school should make some more efforts for their placements in IT Industry. They also requested for making provision for more books of their field in the Central Library.  
**Action Point: DOAA/HSOM/HCILP**

**Action Point: DOAA/HCED**
- 14 Some student representatives said that maintenance is required for the shelter/shed in the Aahaar canteen near the E-block. The shelter, every time there is a rain, starts dripping. Also the seating arrangement is not sufficient.

Also the shorter way (between) (alongside) basketball ground & swimming pool has lot of grass and snakes may be present these, which pose a significant threat to students also. It was requested that cleaning of these roads and sprinkling of water in such dust prone area be done on a daily and emergent basis.
